ABOUT ME

Master's candidate at Chongqing University with a strong background in Software Engineering and a focused research interest in Neuro-Symbolic AI and Privacy-Preserving Machine Learning for cloud security. Seeking to leverage expertise in Python, machine learning, and cybersecurity to contribute to innovative projects in a challenging role. Proficient in English, with basic conversational ability in Mandarin Chinese.

EDUCATION

Master of Science in Computer Science and Technology

2024 – Present

Chongqing University, Chongqing, China

Thesis Topic: Neuro-Symbolic Privacy-Preserving Data Classification for Cloud Security

B.Sc. in Computer Science and Engineering

2018 – 2023

City University, Dhaka, Bangladesh

Major in Software Engineering, CGPA 3.57 / 4.00

Thesis: A Data Mining Approach for Crime Rate Analysis & Prediction in Bangladesh Using Machine Learning Techniques

RESEARCH EXPERIENCE

Graduate Research Assistant

2024 – Present

Chongqing University

- Researching and developing a novel neuro-symbolic framework for secure and interpretable data classification in cloud environments.
- Implementing hybrid AI models that integrate neural networks with symbolic reasoning to enhance data privacy without compromising accuracy.
- Exploring applications in federated learning and homomorphic encryption for robust cloud security solutions.

TECHNICAL SKILLS

Programming Languages: Python (Proficient), Java, C, SQL, JavaScript, MATLAB

Machine Learning & AI: Scikit-learn, TensorFlow/PyTorch, SVM, CNN, Random Forest, Neuro-Symbolic AI

Frameworks & Tools: Django, Django REST Framework, HTML/CSS, Git, PostgreSQL, MySQL

Cybersecurity: NIST Framework, MITRE ATT&CK, Kali Linux, Splunk, Risk Management

Languages: Bengali (Native), English (Fluent), Mandarin Chinese (Basic Conversational), Hindi (Conversational), Urdu (Conversational), Arabic (Basic Reading)

SOFT SKILLS

Creativity, Communication, Teamwork, Hardworking, Observation, Critical Thinking, Multi-tasking

PROFESSIONAL EXPERIENCE

Manager, Admin (IT)

Sep 2023 – Dec 2024

Future Cloud Bangladesh Ltd.

- Strategically planned and managed the organization's IT infrastructure, aligning technology initiatives with core business objectives.
- Oversaw the implementation of new project management and communication systems, improving cross-departmental workflow efficiency.

Junior Software Developer

Jan 2023 – Jun 2023

Muslin International Limited

- Developed and maintained e-commerce web applications using Python and Django REST Framework.
- Collaborated in an agile team to design backend services and integrate front-end components.

ACADEMIC PROJECTS

- Crime Rate Prediction (Data Mining + ML): Developed a model to analyze and forecast crime trends using machine learning.
- Weather Prediction App (Data Mining + Python): Designed an ML-based system for accurate climate forecasting.
- Smart Traffic Light System (IoT + Python/Java): Developed an IoT-enabled adaptive traffic control system.
- IoT-Based Pollution Monitoring (IoT + Python/C): Created a real-time air quality monitoring system using IoT sensors.

TRAINING & CERTIFICATES

- Uniting Threat and Risk Management with NIST 800-53 and MITRE ATT&CK (2022)
- NSE 1 & 2: Network Security Associate (2022)
- Cisco CCNA 200-301 Exam: Complete Course with Practical Labs (2021)
- Network Ethical Hacking for Beginners (Kali, Hands-on) (2021)
- Introduction to Cybersecurity (2021)

AWARDS & HONORS

- Presidential First Class Scholarship Award, Chongqing University (2019 – 2022)
- Undergraduate Tuition Scholarship (UTS) Award, City University (2019 – 2022)
- Best Reader Award, World Literature Centre (2017)
- Cyber Security Contest 2021 (BD), 4th Position, City University (2021)

VOLUNTEERING

- Joint Secretary, City University Computer Club & Cyber Security Club (2019 – 2023)
- Article Writer, City University 21st Literature Club (2020 – 2022)
